## MANATEE COUNTY COMMUNITY HEALTH

Community Health is a restructuring of existing healthcare resources, not a new means to increase healthcare spending. The community health approach is designed to support and augment other patient-centered delivery models by providing an optimized mix of healthcare and patient navigation at a lower cost than traditional models.

The community health model is an innovative, proven solution to provide high-quality primary care and preventative services by employing a currently available and often underutilized healthcare resource, Paramedics.

The Community Health Program integrates specially trained prehospital professionals with an expanded role, who will assist with closing healthcare gaps and improving access while decreasing healthcare costs.

- **Frequent Falls-** The program seeks to mitigate fall risks by performing in-home safety assessments and fall prevention education.
- **Mental Health / Substance Abuse** – The program seeks to identify patients that would be better served outside the emergency room setting and redirect these individuals to the appropriate community resource(s).
- **Diabetic Patients-** The program seeks to provide nutritional and disease management education to diabetic patients to prevent unnecessary Emergency Department / EMS utilization.
- **Congestive Heart Failure / Chronic Respiratory Conditions** - Ensuring proper medication compliance, nutrition, and education on disease management for patients who are diagnosed with congestive heart failure or other chronic respiratory conditions.
- **High System Utilizers-** The Community Health program seeks to include all patients that are high utilizers of the 911 system and Emergency Department, by providing education and aligning the patient’s with primary care resources available within the community.

In times of both joy and sorrow, we stand united as a faith community, ready to embrace one another with love and support. Please contact the church for any prayer requests or updates you may have. Together, let's continue to uplift each other in prayer and strength.

*Continue prayers for all those on our prayer list.*

**Donna Brown extends her heartfelt thanks to everyone for their prayers. She is currently wearing a heart monitor and will be reevaluated in a few weeks. Your continued prayers are greatly appreciated!**

It is with deep sorrow that we announce the passing of Dottie Poirier. Dottie passed away the evening of July 4th at Blake Hospital.

Dottie was a cherished member of our congregation, known for her kindness, and unwavering faith. She touched many lives and will be dearly missed by all who knew her.

We extend our heartfelt condolences to her 3 children, Sharon, David and Steve during this difficult time. May the comfort of God's love be with them, and may they find peace in the memories they hold dear.

Cards may be sent to: Sharon Hare at
